#### How it works:

**The League Draw -** In the League Draw, all unseeded players are randomly allocated into groups of four (plus one group of five). Players arrange to play each group member once. At the end of this stage, the top two players from each group advance to the qualifying stage. Points are as follows:

- 3 points for a straight sets win (ie no tiebreaker)
- 2 points for a tie-breaker win
- 1 point for a tie-breaker loss
- O points for a straight sets loss or a forfeit

If two players in a group are tied on points at the end of this stage, the player to advance will be the player who won the group match between the two players (ie if Roger and Rafa both finish the group stage on 4 points, but Roger beat Rafa in their group match, Roger will advance).

**The Qualifying Draw -** all players who finished in the top position in the League Draw will be drawn against players who finished second in the group. We will try to avoid matching players from the same group. The 9 winners of the Qualifying stage matches will advance to the Champions League Draw.

**The Champions League Draw** - the 9 winners of the Qualifying stage will be drawn to play our 7 seeded players. The two players not drawn against a seeded player will play each other. The winner of each match will advance to the quarters, semi-finals and final.

**Best of the Rest -** Details TBC but will possibly include the 9 losers of the Qualifying stage matches, plus the loser of the Champions League match between the two unseeded players, and the 6 best third placed players from the League draw. We will confirm details shortly.

**Confused?** For now, if you've been drawn in a League group, all you need to do is complete your 3 matches by Jan 31 2023, share your scores on WhatsApp and we'll take care of the rest. If you're a seeded player, your games will start around mid-February 2023.
